#### CAPTAIN A. A. THOMAS. He Banquets the Stock Exchange in

Fine Style. Captain A. A. Thomas, president of the United States Electric Light Company,

gave a magnificent banquet at Chamberlin's last night in honor of the members of the Washington Stock Exchange. The dinner was on a grand scale, and the floral display superb. A novel feature of the entertainment which especially delighted the guests present was the arrangement of electric lights about the banquet hall. In every conceivable nook and corner lights of every known color and design were placed and these lent an additional and peculiar charm to the scene. Nearly every body present made a speech or sung a song. The guests were:

The Hon. John S. Clarkson and Colonel W. W. Dudley are at the head of a movement looking to this end, and it is more than probable that they will carry their point. The reason for the contemplated change is that the weather in May is-cooler than in June or July. # HOW TO DETECT IT.

Some Valuable Hints Regarding the Grippe-Signs of Its Approach and How to Counteract Them.

The discussion as to the cause of the Grippe is, of course, interesting, but gives little satisfaction to its unfortunate victims. Whether caused by microbe or vagaries of the weather, its ravages continue and the country still bends under the scourge. In Chicago, recently, the deaths from this cause were so great that the undertaking facilities of the city were insufficient to meet the emergency. The death rate is correspondingly high all through the Northern and Eastern States. It cannot be too strongly impressed on people that, in order to ward off the disease, warning symptoms must be regarded and prompt action taken. It becomes extremely difficult to dislodge the disease, if allowed to take its course. Hence its name. It generally commences with a slight headache, or pains in the small of the back or limbs. It does not always give one even as plain a hint as tims. Whether caused by microbe or va-

The remedy lies in a stimulant, and the preference should be given to whisky. All the doctors of the country are agreed on this point, but are very careful to impress on their patients the fact that pure whisky alone must be taken. Duffy's

whisky alone must be taken. Duffy's Pare Malt Whisky is the purest on the market, and can be readily obtained at all drug stores. This preparation, which is indorsed by all the leading doctors, scientists and chemists of the present day, is this year adding to the first-class reputation which it was during the suidence of this year aming to the insections replace tion which it won during the epidemic of the Grippe last year. There are many imitators who say their whiskies are "just as good." Do not be deceived. They are not. Duffy's Pure Malt is the only medi-

Very little remains to be said of "The School for Scandal." It holds its own among the brightest achievements in the field of dramatic literature and, even at this day of high art, it stands well to the front in the matter of construction. It never grows old. It is a story of human folly, meanness, hypocrisy and nobility, and it touches mankind now as truly and as vividly as it did a century ago. As for the manner of its presentation by the Daly Company last night nothing can be said except that it was perfect. The Day's Grist.
Judge Kimball has recovered from the crip and this morning he was on the Bench trying District cases. He looked as well as usual, and was just as severe as he formerly was on all violators of the THE VACUANCY LAW.

"What is the object of the vagrancy aw?" asked Judge Kimball. "It is to dispose of persons who have o visible means of support. This man is musician, and cannot he ply his proession at these places of ill-repute?" The case was that of Harry Clark

"I want my hat, Judge," he said in excellent English, "and I am willing to go down to the workhouse again to get it. The hat cost me seventy-five cents."

The case was taken under advisement and will be disposed of later in the week.

Annie Williams was also charged with vagrancy. She admitted that she was drunk, though this was the first time she ever admitted so much.

"I have never committed any offense, your Honor," she said, "and I hope that I will be excused this time. I have not a cent of money. You may tear my pocket from my apron to see that I have not, and if you will only let me off this time I will never do so again."

Mr. York Atlee, the whistler, is too well known to comment upon, and Miss Susie Wilson's solo was also good.

Ed Britton, J. Simpson, E. Lowe, and E. Simpson amused the audience with "Trouble in a Doctor's Office," followed by the entertaining dialogue, "Hoyden," which was creditably rendered by the Misses Fanuic Rowe, Lollie Fugitt, Annte Bladen, and Mr. Harry Allen.

Mr. Taylor was again called for and his solo was loudly encored by the appreciative audience. Messrs Mills, Johnson, and Kelly with harmonica and guitar entertained the audience. The solo of Mr. Fred Darling of the Hammersley Opera Company followed. This was the "star' number of the programme, and as Mr. Darling is a thorough musician, the difficult solo was easily rendered. A grotesque dance by Master Richard Carry, Mr. Delhandy's song and dance, and Mr. Monroe's song and dance were all yery good. The entertainment closed with the old time "Punch and Judy" by Prof. H. C. Torney. The hall was then cleared and dancing was kept up until an early hour this morning.

Fully 1,500 persons crowded into the hall and the committee account for this unusual attendance by extensive advertising which they say pays when it is rightly done.

The Lot League of the Jackson Street M, E. Church met at the residence of its president, Mrs J. S. McLean, and decided to give a lawn party on June 1 and later on an excursion to River View. What threatens to be a repetition of the Le Droit Park fence war is now afoot. Barrister Adrians and Andrew Jackson (no relative to the late President) live next or to each other and neither is in love with the other. Andrew, to vent his wounded feeling, tore down the fence and the noted barrister put it up again and Andy hauled it down. The barrister will

Some time ago Phil Wilkenson, a negro, stoned a house in Montgomery County, Md., near Rockville, and then came here. He was arrested and has been held awaiting a requisition, but that not having come yesterday, Lawyer John Greene went before Judge Norton and got out a writ of habeas corpus. The case will be neard on Monday.

There was a little breeze in the Corporation Court room this afternoon on Judge Norton rising and calling upon the grand jury to investigate the late Naily-Campbell mill at the opera house. The result is awaited with interest by all classes here, the better class declaring it an outrage to allow Washington prize-fighters to come over and engage the town opera house for an affair that no Christian community would countenance.

#### STRUCK A SPOTTER.

Assault Detective Chateaubriand. There was an amusing little fracas in ront of the City Hall this morning abou 10 o'clock. Detective Chateaubriand, who ome time ago distinguished himself by arresting Marie, the French maid, at the Hotel Normandie, stood talking with a conductor and driver of the Metropolitan

when all of a sudden the detective was struck a couple of blows in the face and had to be carried into a neighboring law office for repairs.

It seems that Chateaubriand has re-cently been doing some spotting for the Metropolitan Street Car Company, and that in consequence of a report that he had made the conductor and driver re-ferred to were vertexlay (lamical face)

had made the conductor and driver referred to were yesterday dismissed from the services of the company.

This afternoon Mr. Chateaubriand issued a warrant for the conductor, whose name is John Todd. Before it had been placed in the hands of an officer, information was brought to Police Headquarters that the conductor and driver were again threatening the detective. Officer Carter had them pointed out to him on the corner opposite Police Headquarters and took them into custody, and then had a warrant sworn out for Robert D. Saxton. warrant sworn out for Robert D. Saxton, the driver,
Todd also had a warrant issued for

Chatenubirand for using profane language in the presence of ladies on an F street

The whole trouble grew out of a letter sent by Superintendent O'Neill this morning stating that Saxton had whipped his horses for ten minutes near the corner of F and Fifth street yesterday, and the men were laid off pending an investigation.

Todd and Saxton have engaged John Clark as counsel and J. J. Johnson has been enployed by Chauteaubriand. Collateral was furnished for their appearance in Police Court to-morrow. ance in Police Court to-morrow.
